

TANK PROTECTION

Effective dates: July 1, 2010 – June 30, 2011

We are continuing to offer **TANK PROTECTION** to our customers at the low cost of only \$49.95 a year.

TANK PROTECTION eliminates the worry and cost of replacing your oil tank. If your steel oil tank leaks, Cromwell Energy will replace it free of charge. In other words, for only PENNIES A MONTH, tank replacement is now our responsibility. We feel none of our customers can afford to be without this protection.

TANK PROTECTION

For the sum of \$49.95 per year, we guarantee to replace any conventional above ground 275-gallon tank, if it leaks due to internal corrosion. **Cromwell Energy must inspect any tank not covered the previous year before coverage can begin.** Please call our office and we will be glad to do this.

NOT COVERED – Previously patched or repaired tanks, underground tanks, tanks damaged by acts of God, explosion, fire, flood, storm, hurricane, homeowner negligence, tanks not connected to an oil-fired burner, and loss of oil. This guarantee covers only the tank. Any additional fittings or work needed to bring tank up to current building codes will be charged at the standard rates. Cost of disposal of oil tank, sludge, or waste oil also not included.

Customer will remove all walls, partitions, or enclosures around the tank. Tank must be easily accessible. Additional charges will apply to homes without hatchways or walk-out basements, as well as extra charges for smaller or multiple oil tanks if basement is not accessible.

Automatically renewed each year.
